

## **Bible Lesson 2 Review**

- Inspired means to influence or guide. The Bible is inspired by God, or God-breathed.
- Whenever God speaks, His words are filled with His very nature and character.
- God's breath is filled with life, understanding, power, and perfection.
- God desires a relationship with His children. That relationship includes listening to and obeying Him.
- God reveals in the Bible how to receive eternal life through faith in Jesus and how to live righteously.
- The Bible promises that people who read and hear God's Word and do what it says will be blessed.
- Because God takes His Word very seriously, people should not add to or take away from it.
- Believers need to show respect for God's Word by listening to and obeying it.
- The Bible is the most useful tool in the world for living a godly life. It is useful for doctrine or teaching, reproof or rebuking, correction, and instruction or teaching in righteousness.
- Doctrine refers to the basic teachings of the Christian faith based on the Bible.
- Reprove or rebuke means to warn or confront someone about a wrong behavior or belief.
- Correction means the act of pointing the way back to what is right.
- Instruction or training in righteousness means teaching godly behavior.
- When God breathed His words into the Bible writers, He filled their heart and mind with His truth, and they recorded exactly what He wanted them to say.
- People known as prophets were specially chosen by God to receive and speak His words. Prophecy is a message from God that tells people about a future event.
- All Scripture, including prophecy, is from God. People did not make it up.
- Three of the strongest proofs that the Bible is God's inspired Word are fulfilled prophecy, the total length of time it took for the Bible to be written, and the number of Bible writers.
